Members of One in Christ Lutheran Parish,

God's peace be with you! Hope this finds you all well.

All our congregations – Bethany, Immanuel, Lunder, Silver Lake, and Winnebago – are planning to re-open for in-church worship on Sunday, July 19th.

Enclosed are some guidelines that have been adopted by the Parish Council to followed by all to keep us as safe as possible. Please read through these guidelines. We do not want anybody surprised when you return to worship. There will be some things done differently at this time to minimize the health risk of returning. There will be copies of these guidelines posted in each of our congregations.

Wear Masks

Social Distance

No physical contact when greeting each other.

Not everyone will be comfortable returning to worship (any mass gathering for that matter). We understand. We advise you to use caution and your good sense to be your guide. Do not take unnecessary risks. We plan to continue to have an online worship presence. We will be adjusting how we do that online service. It will be live-streamed and will be stored online so that you can worship at a time convenient for you. Be patient, there may be a few growing pains as we transition over.

In our Lord's service and ministry,
Pastor Bill & Pastor Randy
One in Christ Lutheran Parish
